ANNUAL SOCIAL IMPACT REPORT

the BODOSSAKI FOUNDATION at a glance

The **Bodossaki Foundation** is a public benefit organisation founded in 1972 to continue the support given to Greek society by its founder, Prodromos Bodossakis Athanassiades.

ENVISIONING
A SOCIETY
OF EQUAL
OPPORTUNITIES
AND PROSPECTS
FOR ALL

To advance its vision, the Foundation funds, plans and implements, always with full transparency, accountability and integrity, projects and programmes associated with its four strategic action pillars: promoting education, improving healthcare, protecting the environment and empowering Civil Society. Since its founding it has made available over €450 million to further its aims.

Today the Bodossaki Foundation also acts as a catalyst for fostering a broader culture of contribution in Greek society, by managing resources on behalf of third parties – legators, international organisations, and other major donors – who wish to fund programmes with significant social impact that seek to address critical needs in education, healthcare, the protection of the environment and the empowerment of Civil Society.
